

Columbia Basin Collaborative Science Integration Work Group

December 5, 2022

Meeting Guidelines

- Honor the agenda
- Listen to understand and ask questions to clarify
- Balance speaking time
- Don't pile on
- Be hard on the problems, soft on the people
- Seek alignment and common ground wherever possible
- Be present

Agenda Review

Time (PT)	Topic	Presenter
9:00 – 9:15 am	Welcome, Opening Remarks, and Agenda	Liz Mack, Kearns & West
9:15 – 10:50 am	Present and Discuss Draft Action Statements	Liz Mack, Kearns & West
10:50 – 11:00 am	Confirm Next Steps and Summary and Action Items	Liz Mack, Kearns & West

SIWG Scope

Current Work: Identify cross-cutting actions to achieve Partnership goals for multiple species (not specific to a limiting factor)

Work for 2023: Evaluate identified actions/projects from TSWGs for integrated impacts to inform recommendations

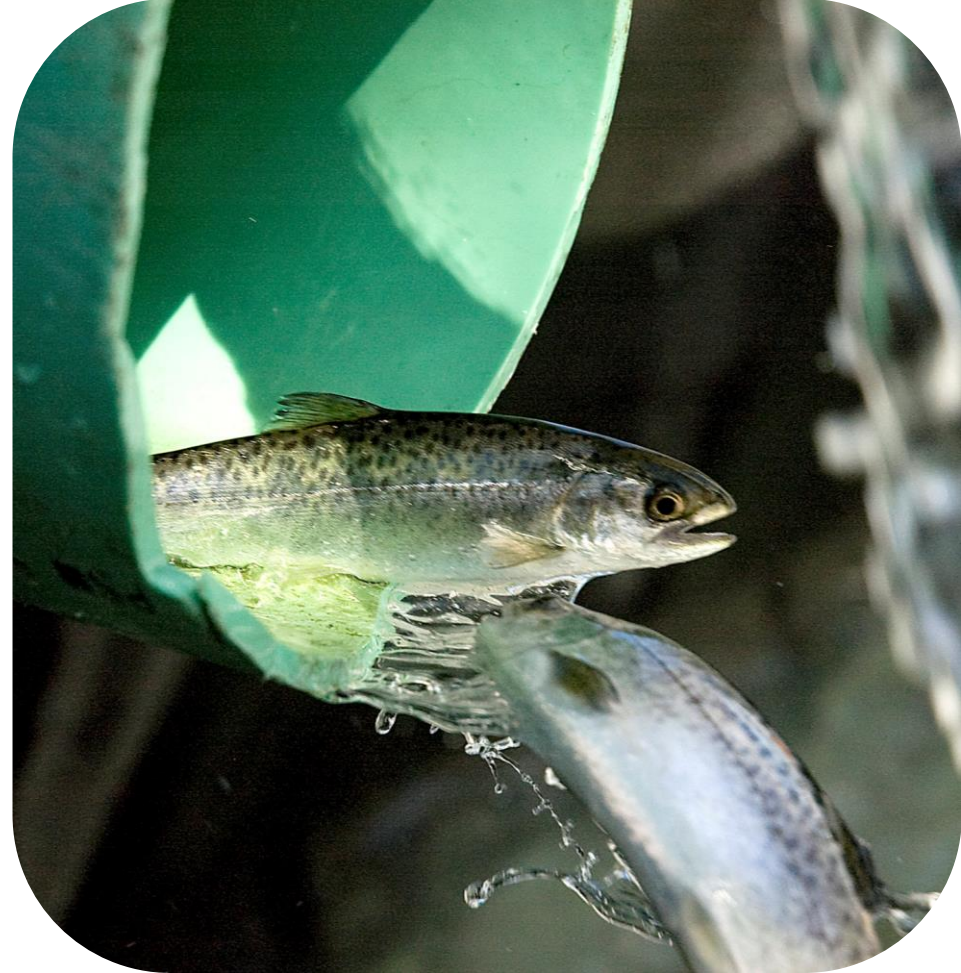

Draft Recommended Action Statements

- #1: Need a framework for understanding compounding impacts and integrating actions impacts across the H's
- #6: Understanding the differences between models
- #11: Understand and articulate how politics affects the various categories and their interactions
- #15: Studying carrying capacity in the Columbia

Next Steps and Action Items

Next Meeting

- All files will be available on the work group SharePoint
- Further refine recommended actions, begin completing recommended action form
- Facilitation team coordinate with Steve Manlow about case study
- Look at doing a primer on SDM
- Meet again in January

Thank you ~
